REACH Regulation 1907/2006 and CLP Regulation 1272/2008 Information

The European Union's REACH program came into force 1 June 2007. REACH affects many products that the Höganäs Group manufactures and/or imports into the EU.

Höganäs Sweden AB has registered substances Iron, Copper, Molybdenum, Manganese Sulphide (MnS), Nickel, Ferro phosphorus (Fe₃P), Chromium (Cr) in alloys, Silicon (Si) in alloys and Aluminium (Al) in alloys. Other substances which may be contained in alloys are either lower than 1 annual ton or the alloy is available at the EU market and Höganäs Sweden is a downstream user (DU).

Höganäs Sweden has also registered Amide mixture, N,N'-ethylenedi(stearamide), N,N'-ethane-1,2-diylobisoleamide, Amides, c16-18 (even numbered), N,N'-ethylenebis and Fatty acids, C16-18, reaction products eith ethanolamine as Only Representative (OR) for Höganäs Abril Industrial Waxes Ltd based in Great Britain.

Substance	CAS number	Registration number
Iron	7439-89-6	01-2119462838-24-0210
Copper	7440-50-8	01-2119480154-42-0067
Molybdenum	7439-98-7	01-2119472304-43-0034
Manganese Sulphide	18820-29-6	01-2119966133-39-0000
Nickel	7440-02-0	01-2119438727-29-0133
Ferro phosphorus	12023-53-9	01-2119966126-34-0000
Chromium	7440-47-3	01-2119485652-31-0156
Silicon	7440-21-3	01-2119480401-47-0260
Aluminium	7429-90-5	01-2119529243-45-0341
Amide mixture	EC 430-050-2	01-2120789217-43-0001
N,N'-ethylenedi(stearamide)	110-30-5	01-2120086660-54-0001
N,N'-ethane-1,2-diylobisoleamide	110-31-6	01-2119976646-20-0007
Amides, c16-18 (even numbered), N,N'-ethylenebis	68390-94-3	01-2119487304-36-0013
Fatty acids, C16-18, reaction products eith ethanolamine	85566-32-1	01-2120854043-62-0000

The REACH program has not resulted in any changes of the preparations or substances you purchase from Höganäs Group within the European Union. Should this happen at a later stage, it is our intention to provide you with information about significant changes in the properties or performance of our products at the earliest opportunity to help you to manage any effects that such changed properties may have on your own processes or requirements.

Products regulated under the EU's Classification, Labeling and Packaging regulation (CLP) have been notified to the European CHemical Agency (ECHA).

Yours sincerely,
HÖGANÄS SWEDEN AB (publ)

Åsa Rasmusson
